Renewing McCormick Hall

Lobby (current): McCormick is home to 255 students. The front desk offers a warm welcome, with greetings from student desk workers and security staff. The front entrance is a perfect spot to meet up with friends before heading to the dining hall together.

Lobby (future): The planned renovation of McCormick Hall will update aging building systems while preserving the residence's historical charm. A gift of \$1M will fund the revitalization of the striking interior courtyard. The donor will be recognized with a plaque at the courtyard's entrance.

Penthouse (current): The penthouse is where you will find students studying, socializing, or taking a break against the beautiful backdrop of the Boston skyline.

Penthouse (future):

With extraordinary views of Boston and the MIT campus, the East Tower penthouse includes lounges, a Kitchen in the Clouds, and a 360-degree terrace. A naming gift of \$5M will enable needed upgrades to this striking space, including new ramps to the terrace and updated furnishings and windows. The donor will be recognized with a plaque at entry to the lounge.

Country Kitchen (current): The Country Kitchen on the first floor is a gathering space for group celebrations, study breaks, and hall events.

Country Kitchen (future): The quintessential mid-century modern dining room will be refurbished with 21st century utilities and accessibility while retaining its charming original features.

Craft Room (current): The craft room provides a distinctly McCormick twist on the maker space.

Craft Room (future): This popular activity room will be expanded to accommodate more crafting surfaces and tools. A gift of \$100K will name the craft room.

Floor Kitchen (current): Twelve floor kitchens, on floors 2-7 in each tower, offer spaces for smaller gatherings and late-night snacks.

Floor Kitchen (future): The kitchen on each floor will be upgraded to a better layout that meets modern accessibility standards. A gift of \$100,000 will name a floor kitchen.
